

ENTAG - VIth Aquaculture Platform Meeting and Business Tour

Hawassa University, Hawassa

23rd March 2018, 08:30 – 16:00 hours

Objective:

The **overall objective** of the program is to promote and encourage aquaculture development through creation of enabling environment for the sub-sector in Ethiopia in general, and in Southern NNP Region in particular.

Specifically, the meeting and business tour will enable the participants:

- to discuss the status (opportunities, challenges and needs) of aquaculture sub-sector in Southern NNP Region;
- to share experiences of the Loqe Fish Research and Breeding Center;
- to get update on activities of ENTAG in the aquaculture sub-sector;
- to establish/strengthen linkage and networking of private business enterprises, government sectors, professionals and other stakeholders in the sub-sector;
- to identify action points for further follow up in 2018.
